OAL File No. 2011-0127-01 E

The Board of Forestry and Fire Protection submitted this emergency rulemaking action to amend several title 14 sections and to adopt a new title 14 section to address the growing threat of sudden oak death disease that is the result of the plant pathogen, *Phytophthora ramorum*.

OAL approves this emergency regulatory action pursuant to sections 11346.1 and 11349.6 of the Government Code.

The initial notice for this action indicated that the emergency regulations were adopted pursuant to Public Resources Code sections 4554.5 and 4555, would expire on 6/8/2011, and that the Certificate of Compliance for this action would be due no later than 6/7/2011. This amended notice withdraws the applicability of Public Resources Code sections 4554.5 and 4555 and corrects the applicable dates to the following:

This emergency regulatory action is effective on 2/7/2011 and will expire on 8/9/2011. The Certificate of Compliance for this action is due no later than 8/8/2011.
